I know that as a working parent, you require a childminder who is reliable. I will endeavour to work on all the days that I am contracted to. I am happy to work when I have minor ailments such as colds etc, however I will not work if I have sickness or diarrhoea or any other highly contagious infection. Continuing to work would only result in a further spreading of the germs and I would be unable to give your child the care they deserve.

Should you require a substitute childminder I can provide you with a list of childminders who may be able to accommodate your child during any illness I may have. I will not charge you if I am unable to work due to illness, however, if you were to employ another childminder they would charge you their standard fees.
